

## Certificate

With this document, Repsol Lubricantes y Especialidades S.A. declare:

1. The European ACEA standards (f.e. E4, E7, etc) are autocertificables and its ATIEL Code of Practice is accepted industry-wide as best practice for the development and manufacture of engine oils conforming ACEA standards. In the following link, you can see that Repsol is part of that association ([Our members - ATIEL](#)) and therefore has such approval for its lubricating oils.
  
2. Repsol guarantees that REPSOL DIESEL TURBO VHPD 5W30 meets the following standards, although it doesn't have a formal approval:
  - a. DAF Extended Drain
  - b. CUMMINS CES 20077
  - c. DEUTZ DQC IV-10

Madrid, 8 de Noviembre de 2012

A handwritten signature in blue ink, appearing to read "José María Ramírez", written over a horizontal line.
