SAE-Grade: 15W-40

Dear Sir or Madam,

We have examined the additional formulation submitted under the previously approved product name shown above. This formulation also complies the requirements of the Mercedes-Benz Specifications for Operating Fluids, sheet 228.3 and will be approved for use in Mercedes-Benz vehicles and assemblies. The application range is shown and explained on the sheet 223.2. Other requirements, e.g. SAE grades, capacities, change intervals etc. must also be observed.

MB-Approval is valid with date of this certificate. The validity period is limited to the validity period of the above mentioned original and will expire in 5 years at the latest. New approvals have to be applied for in good time.

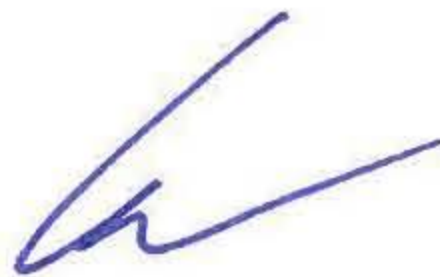

You must be able to inform us at all times which formulation is (or was) being sold in a given country at all times.

A 2 litre sample of each formulation (including all SAE grade variants) must be retained at all times, and can be called upon by Daimler AG at any given moment. We will advise the address.

Sincerely
